EDUCATION

SINCE 10/2026	**Technical University Munich** MSc Physics of the Condensed Matter (exp. Grad. 2028)
08/2025 – 12/2025	**Nanyang-Technological-University Singapore** Physics Exchange · Final Grade: 5.0 GPA (Singapore)
10/2023 – 08/2026	**Ludwig-Maximilians-University Munich** BSc Physics · Final Grade: 2.1 (Germany)
10/2022 – 03/2023	**Ludwig-Maximilians-University Munich** „Early Student“ BSc Physics · Final Grade: 1.3 (Germany) (Studying University-Physics while still in school)
SINCE 09/2023	**Begabtenförderungswerke** Konrad-Adenauer-Scholarship (Full scholarship)
03/2022 – 08/2022	**KU Eichstätt-Ingolstadt-University** Student-University-Programm · Attend lectures in numerous departments alongside school
2018 - 2023	**Rainer-Maria-Rilke-Gymnasium** A levels (Abitur) Final Grade: 1.2 (Skipping the 4th grade, Awarded the DPG (German Physics Society) Abitur Prize and the VfS (German Economic Society) Abitur Prize)

RESEARCH EXPERTISE

03/2026-08/2026	**Max Planck Institute of Quantum Optics** Prof. Ferenc Krausz (Nobel Prize 2023) · Bachelor Thesis building a Michelson-Interferometer for detection of fast displacements in Attosecond laser pulses
03/2025-09/2025	**Chair of Biophysics LMU Munich** Prof. Dieter Braun · Research Assistant teaching Thermodynamics and Electromagnetism
12/2022	**TUM-Labs Presentation** for excellent papers · Presentation of own scientific research on “CRISPR in cancer therapeutics“
08/2022	**Deutsche Schülerakademie** on Quantum Computers
07/2022	**Chair of Laserphysics FAU University** Prof. Peter Hommelhoff (Internship)
2017-2021	**Very successful participation in Science competitions** **(**Mathematics: Bavarian State Mathematics Competition, International Mathematical Olympiad, German Mathematics Competition; Physics: International Physics Olympiad)

INDUSTRY EXPERIENCE

SINCE 08/2026	**Akhetonics (Startup Photonic Computing):** Working Student · Photonic Integrated Circuit Simulation and Design · Experimental Characterization of Photonic Circuits
01/2026 – 07/2026	**Infineon (Semiconductor Industry):** Working Student · Analysis of Gallium Nitride Transistors for Front-End Chip Integration
01/2025 – 12/2025	**Ubimaster (Startup Education-Sector):** Founders Associate · Project Manager Spain Expansion
06/2023 – 01/2025	**Ubimaster (Startup Education-Sector):** Working Student Finance · Developing detailed financial models and cash flow plans
SINCE 05/2025	**START Munich (Student Initiative):** Finance&Operations Team · Building a Startup during University
06/2023 – 09/20	**PlanetHome AG (Real Estate)** Working Student Business Development

SIDE PROJECTS & VOLUNTEER WORK

05/2025	**TEDTalk** at LMU: “Mission MINTPossible – How to bring girls to STEM”
SINCE 06/2021	**Management of children’s competitive gymnastics courses**
SINCE 11/2024	**Stifterverband MINT** Initiative for getting more women to STEM
SINCE 01/2024	**Senkrechtstarter** Support Program for Non-Academics Children

SKILLS

Languages	**English** (C1), **Latin** (great Latinum), **German** (Native)
Technology	**Advanced** Python: NumPy, SciPy, pandas, Matplotlib, pytest, Tkinter; AI-Software Development (Claude Code) **Project Experience** TypeScript, React/Next.js, SQL **Tools** Git, LaTeX
